DO you dance? Why not learn? By indulging in a little regular practice of the dance you will escape paying money to physicians. You will read duil and stupid at times, and have all sorts of imaginary aliments. You will lave a pain here and a pain there, all caused by some slight obstruction in the machinery of the system. Now, a lively two-step will nine times out of ten cure what is simply a suggishness of the circulation. You can work off a cold or a headache or namerous other lils, and at the same time enjoy vourself. What other medicine more pleasant? Burke's, northwest corner Tenth and Olive sts.
